Kindysport

WELCOME!

Hi,

Thanks for your interest in our Kindysport program!

Kindysport is an exciting multi-sport program that introduces your child to a variety of sports in an encouraging environment. A fantastic range of age-appropriate games and equipment helps your child develop sports skills while building social skills, confidence and co-ordination.

We want your child to experience the joy of sport and active play.

You can start by contacting us for a free consultation. We'll answer your questions, get to know you better, and help you find the program that fits you best.

Best Regards,
The Kindysport Team

MISSION STATEMENT

Kindysport has been providing the joy of discovering and developing sports skills to children for over 10 years now. Our dedicated team is committed to making sure your child discovers his or her sporting passion; ignites a lifetime love of sport; feels valued in an incredibly supportive environment; and enjoys every minute of playing and learning.

WHY KINDYSPORT?

The 10 reasons parents bring their child to Kindysport are to:

- Be introduced to a variety of sports.
- Learn and develop sports skills.
- Improve confidence, co-ordination and self-esteem.
- Get more exercise and develop a passion for being active.
- Have fun and build friendships.
- Feel relaxed and not pressured in a caring and supportive environment.
- Receive age appropriate instructions.
- Learn to interact with other children and improve social skills.
- Learn teamwork.
- Learn to listen to and follow instructions.

WHAT PEOPLE ARE SAYING

"My son used to be quite shy but Kindysport has really helped to boost his self-confidence. Kelly, Wayne and Kate are always extremely encouraging and make it a lot of fun. He looks forward to coming along every week and is always excited to find out which new sport he is going to learn. We couldn't be happier with our Kindysport experience and will definitely be enrolling our younger son when he is old enough too."

Bronte W.

"Our son has Autism and his Gross Motor development is continually needing work. The activities Kindysport does has helped Matthew immensely. Wayne always has time for the children, listening when they talk and paying attention to just them. This makes Kindysport just as important to their emotional growth and self-confidence as it is to their interest in sport and gross motor skill development."

Theresa H.

"Kindysport has assisted in all areas of my children's development: gross motor skills (running, catching, throwing), coordination, fitness, strength, and social/emotional skills such as team work. Kindysport has exposed my children to a variety of sports without having to spend a whole season doing just one sport."
